

Who is responsible ?

The extracurricular activities team is integrated by a high number of qualified assistants, all of them with several years' experience working with children. They perform their duties under the supervision of a coordinator. The AES team provides a dynamic and high-quality learning experience that fosters each child's personal growth, creativity and skills development. Our greatest asset is the proven expertise of our teachers, each a master in their field.

Extracurricular Activities (AES) at the LFIH

What are the AES?

Extracurricular Activities (AES) are optional activities and workshops offered by our primary school, which take place outside learning hours and enable our pupils to explore, practice and develop their interests.

These workshops contribute to our children's personal development and well-being by promoting: self-confidence, imagination, social and emotional skills, discipline, independence and, above all, the opportunity to share fun and recreational moments with their classmates.

An opportunity to try out various paths

How do they unfold?

Our workshops

- Monday through Thursday, 2:45–4:45 p.m.; Friday, 1:30–2:30 p.m.
- Sports, arts, and cultural workshops in French, Spanish, and English, such as rollerblading, judo, cooking, drawing, and ceramics.

Our vacation camps (including summer camp)

- A daily program of fun activities and outings is offered to students on a daily or weekly basis. The vacation camps are open during school breaks, except for the Christmas break. If you're looking for an experience that combines education with fun and adventure with learning, join us.

Our cultural exchanges

- Our children engage in opportunities to socialize and connect with students from international schools in Havana through sports tournaments and cultural events.

Payment Terms

Extracurricular activities

Each activity costs 6 euros or dollars per session (payable once during the period).

Daycare

Daycare is available with advance registration. Price: 4 euros/dollars per day.

Vacation camps

Registration is open for each school break.

Price: 20 euros/dollars per day—80 euros per week.

For large families: 70 euros/dollars per week for each child after the first one is registered.

We invite you to further familiarize yourself with our policies and regulations through our AES Coordinator.
